

# Request for Quotation

Bell City Foundry (Brantford) Ltd. is pleased to provide a quotation on your casting requirements. It is imperative that you read through the basic terms and provide all the necessary information. Failure to do so will result in an incomplete quotation or a refusal to quote due to inadequate information supplied.

**Terms:**

- All prices are based on rough casting only. Any additional process and/or testing will be an additional cost.
- Any additional requirements beyond rough casting must be requested and approved by Bell City Foundry.
- Tooling and casting costs are based on your supplied drawing; please note that only the casting weight, material and dimensions are obtained from your supplied drawing only. Please make sure to provide a cast drawing.
- Normal ingate grinding only. Any additional grinding, drilling and/or gauging will be an additional fee.
- All quoted prices are subject to additions which may be necessary to cover any additional services including but not limited to: inspections, testing requirements, duty, taxes, delivery and staging.
- If PPAP (Production Part Approval Process) is required, please state Level and all requirements.
- Lead time for tooling is approximately 4 to 6 weeks (a confirmation will be made upon receiving a Purchase Order). *Tooling Payment Terms:* 50% with purchase order and 50% net 30 upon approval of part.
- Sample castings one week from receipt of tooling (please specify on the Purchase Order the quantity required for samples).
- After Bell City Foundry has received a completed 'Sample Approval Form' approving the parts to go in to production, the normal lead time is 4 to 6 weeks.

Again, it is crucial that any additional requirements (outside a rough casting only) are brought to Bell City Foundry's attention at this time in this Request for Quotation.
